**A FLANK MOVEMENT.**

Several Japanese Ships Appear Off Potinsa.

Gen. Kuropatkin Says He Intends to Await the Arrival of Another 100,000 Men Before Risking a Battle With the Japanese.

Seoul, April 20.—The Russians are strengthening their fortifications at Chiu Tien Cheng with all possible haste and are sending in reinforcements of artillery and infantry with the intention of stubbornly contesting the expected attempt of the Japanese to cross the Yalu river.

Paris, April 20.—The Figaro Tuesday published an interview with Vice Adm. Skryloff, who is now in St. Petersburg. The admiral is quoted as saying: "I believe in offensive tactics. It is necessary to push ahead and take the initiative, instead of letting the enemy keep us in a state of unrest. It is essential to keep him in a state of unrest. It is necessary to invite a combat and take chances. Any combatant who awaits his enemy is practically at his enemy's mercy. But aggressiveness does not mean imprudence. Wisdom must go with boldness, but it is evident that to be aggressive does not mean the same thing for the Russians as for the Japanese at Port Arthur, since the latter have more ships than the former."

St. Petersburg, April 21.—What may

BETWEEN FORT ARTHUR AND LIAOYANG. The Great Cutting on the Manchurian Railway Particularly Vulnerable to Japanese Attack.

turn out to be the anticipated flanking movement of the Japanese troops is the appearance of a number of Japanese ships off Potinsa, near the Gulf of Ching Tai Tse, as reported to the emperor Wednesday, by Gen. Kuropatkin. Military experts here have long regarded that vicinity as the probable point of disembarkation of the second Japanese expedition. It is not far away from Takushan (12 miles to the east), and connects by road with Port Arthur (150 miles to the southwest), and Feng Huan Cheng (50 miles to the northwest), where the Russians will make their first obstinate resistance.

Though the Japanese are building entrenchments on the Yalu it is believed, that they will advance soon. The arrangements for a turning movement are complete and the experts say that such a movement could properly begin at Takushan, as Feng Huan Cheng lies at an angle of an equilateral triangle with Taku Chuan and the Yalu as bases.

The Japanese disembarkation will undoubtedly be covered by a warship and the Russians recognize that it will be impossible to prevent it.

"We will strike after they have landed," grimly said a member of the general staff.

Gen. Kuropatkin is aware of the strategic importance of the vicinity of Takushan and it is understood that he has made his arrangements accordingly.

Gen. Kuropatkin has sent the following telegram to the emperor:

"Gen. Kashtalinsky reports as follows on April 19: 'All is quiet on the Yalu. The Japanese are throwing up entrenchments opposite Colussy and further to the north.'

"The numbers of Japanese troops are increasing. They are concentrating at Wiju and spreading toward the north along the Yalu.

"Cossack sentinels have observed the lights of Japanese transports near Ching Tai Tse, opposite the village of Potinsa, 25 versts west of Tatung Kau. The vessels were anchored at a distance of 50 versts from the shore.

"According to dispatches from Gen. Mstchenko, Japanese ships were also seen near Sou Chou."

Paris, April 21.—The St. Petersburg correspondent of the Journal says a friend of Gen. Kuropatkin has received a letter from him in which the general says he intends to await the arrival of another hundred thousand men before risking a battle with the Japanese.

**Repairing Russian Battleships.**

St. Petersburg, April 21.—The correspondent of Novosti, in a letter from Port Arthur dated March 27, says that the cruiser Fallada will soon be entirely ready and work is progressing on the battleships Retvizan and Czarevitch.

**PEOPLE EAT TOO MUCH.**

Interesting Paper Read Before National Academy of Science.

Washington, April 21.—The chief paper read before the National Academy of Science was a description of a series of experiments recently conducted by the Sheffield scientific school of Yale to determine if the average human being is not eating too much. Prof. Russell H. Chittenden, the director of the school who conducted the experiments and who read Wednesday's paper, made the statement that the average healthy man eats from two to three times as much as he needs to keep him in perfect physical and mental health and vigor. Prof. Chittenden said three classes of men were experimented on, several professors at the school, including Prof. Chittenden himself, several students and a squad of United States soldiers. There was a gradual reduction of meat and other proteid foods with little if any increase in starch and other foods in nearly all the tests. No fixed regimen was required in any case, the endeavor being to satisfy the appetite of each subject. In only one case was meat entirely eliminated from the diet. At the end of the experiments, which lasted from six months until nearly a year and were concluded only a few days ago, the entire lot of men who had been Prof. Chittenden's subjects were in the best of health. Their weight in some cases was almost exactly the same as when the experiments were begun and in some slightly lower. Their bodily vigor was greater and their strength was much greater, par-

THE TORONTO FIRE.

Most Conservative Estimates Place the Loss at \$12,000,000.

Toronto, Ont., April 21.—The total loss by the fire which destroyed the wholesale district of Toronto Tuesday night will, according to the most conservative estimates, reach \$12,000,000; the total insurance is \$8,360,000. The area swept by the fire embraces 14 acres and from 5,000 to 7,000 persons are thrown out of employment.

The work of tearing down the dangerous walls was begun Wednesday afternoon. In the entire burned district the only walls that appear to stand intact are those of the W. R. Brock &amp; Co. building. The city council Wednesday afternoon placed all public buildings and the exhibition grounds at the disposal of the fire sufferers; amended the fire regulations to allow of the erection of temporary structures and appointed a committee to wait on the legislature and secure an act ordering all wires underground.

**NEW YORK BLIZZARD.**

One of the Most Severe of the Year Prevails.

A Light Snow Fell at Kansas City—Three or Four Inches of the Beautiful Fell in Knoxville, Tenn., Wednesday.

New York, April 21.—Blizzard conditions still prevailed in Central and Northern New York state Wednesday night. At Lyons, N. Y., the storm, which began Tuesday night, continued Wednesday. It is one of the most severe of the year. Railroad traffic is delayed and country roads blocked. Along the shores of Lake Ontario, especially in Sodus bay, docks, cottages and boat houses have been damaged by high water. At Ogdensburg a foot of snow has fallen and trains are running several hours behind their schedule. In the lower Adirondacks the storm is severe.

St. Louis, April 21.—The heavy fall of snow in St. Louis is not causing any suffering among the Filipinos at the World's fair grounds reservation, according to reports from there. As soon as the Filipinos saw the snow Wednesday they called it "sugar" and rushed into it despite the cold. They were soon sent back into their quarters and locked in-doors to prevent them from contracting pneumonia. Stoves and warm clothing have been supplied to them as well as the members of all the other different tribes who are accustomed to warm climates.

Kansas City, Mo., April 21.—A light snow, accompanied by a decided fall in the temperature and followed by rain, fell in Northwest Missouri Wednesday. Throughout Kansas there was a heavy rain, an inch of water falling.

Knoxville, Tenn., April 21.—Snow to the depth of 18 inches is reported from the mountain sections in this vicinity. In the city three or four inches fell and the temperature is below the freezing point.

**SAMUEL A. GROFF.**

Has Been Temporarily Suspended From the Police Force.

Washington, April 21.—Samuel A. Groff, the policeman recently convicted by a jury of the district criminal court for conspiracy with August W. Machen in connection with the postal irregularities, Wednesday was suspended by the District commissioners from the force without pay, pending final disposition of his appeal from that decision. If the decision of the lower court is affirmed Groff will be immediately removed.

**RAILWAY ACCIDENTS.**

Total Number of Casualties During Three Months Were 14,485.

Washington, April 21.—The interstate commerce commission Wednesday issued a report showing that in the United States during October, November and December last the total number of railroad casualties aggregated 14,485, a decrease of 702 as compared with the preceding quarter. There were killed 175 passengers and 991 employees, and 1,937 passengers and 11,382 employees were injured. The damage by these accidents to cars, engines and roadways amounted to \$2,527,000, a decrease of \$57,348.

**GOV. WILLIAM H. HUNT.**

He Will Consult With the President Regarding Porto Rican Affairs.

Washington, April 21.—Gov. William H. Hunt, of Porto Rico, Wednesday paid his respects to the president and later will have an extended conference with him about affairs in the island. Gov. Hunt's nomination as the successor to Judge Hiram Knowles as United States district judge in Montana, was confirmed by the senate Tuesday. Gov. Hunt expects to return to Porto Rico to conclude his work before assuming his new duties.

**Will Appear Before the Supreme Court**

Telluride, Col., April 21.—Adj. Gen. Bell, Capt. Wells, Capt. Carlile and Col. Kennedy, with a guard of 17 troops, departed Wednesday for Denver with President Moyer, of the Western Federation of Miners, to be present at the habeas corpus proceedings in the supreme court Thursday.

**To Protect President Loubet.**

Paris, April 21.—Elaborate police precautions have been adopted to protect President Loubet during his coming trip to Italy. French and Italian detectives will be stationed along the route and a number of French detectives have been sent to Rome and Genoa.

**Pipe Line From Texas to New York.**

Chicago, April 21.—The Standard Oil Co. has planned to lay a pipe line from Texas to New York with branch lines radiating to the various oil fields. In this way the entire oil production of the United States is to be handled.

**Senator Burns Acquitted.**

Grand Rapids, Mich., April 21.—State Senator David E. Burns was acquitted Wednesday of bribery in connection with the Lake Michigan water scandal. The jury was out five hours. The case has been on trial for three weeks.

**With Regal Pomp.**

Pekin, April 21.—The portrait of the dowager empress, which was painted by Miss Kate Carl, an American artist, and which is to be exhibited at the St. Louis exposition, was dispatched Wednesday with regal pomp.

Young women may avoid much sickness and pain, says Miss Alma Pratt, if they will only have faith in the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I feel it my duty to tell all young women how much Lydia E. Pinkham's wonderful Vegetable Compound has done for me. I was completely run down, unable to attend school, and did not care for any kind of society, but now I feel like a new person, and have gained seven pounds of flesh in three months."

"I recommend it to all young women who suffer from female weakness."—Miss ALMA PRATT, Holly, Mich.

**FREE MEDICAL ADVICE TO YOUNG GIRLS.**

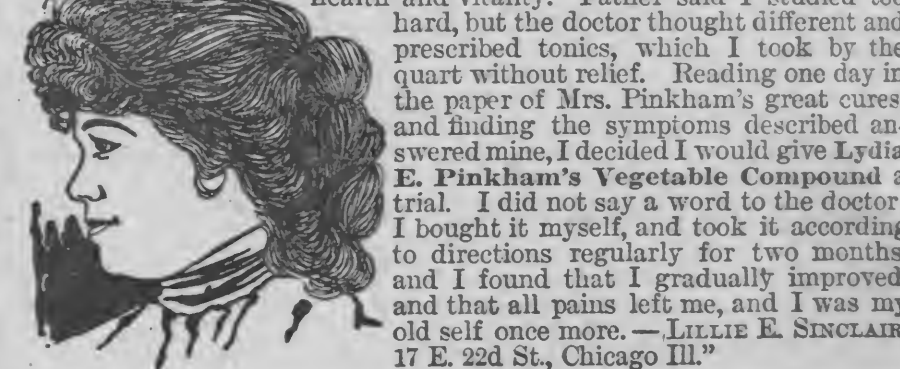

All young girls at this period of life are earnestly invited to write Mrs. Pinkham for advice; she has guided in a motherly way hundreds of young women; her advice is freely and cheerfully given, and her address is Lynn, Mass.

Judging from the letters she is receiving from so many young girls Mrs. Pinkham believes that our girls are often pushed altogether too near the limit of their endurance nowadays in our public schools and seminaries.

Nothing is allowed to interfere with studies, the girl must be pushed to the front and graduated with honor; often physical collapse follows, and it takes years to recover the lost vitality,—often it is never recovered.

**A Young Chicago Girl Saved from Despair.**

"DEAR MRS. PINKHAM:—I wish to thank you for the help and benefit I have received through the use of Lydia E. Pinkham's Vegetable Compound and Liver Pills. When I was about seventeen years old I suddenly seemed to lose my usual good health and vitality. Father said I studied too hard, but the doctor thought different and prescribed tonics, which I took by the quart without relief. Reading one day in the paper of Mrs. Pinkham's great cures, and finding the symptoms described answered mine, I decided I would give Lydia E. Pinkham's Vegetable Compound a trial. I did not say a word to the doctor; I bought it myself, and took it according to directions regularly for two months, and I found that I gradually improved, and that all pains left me, and I was my old self once more."—LILLIE E. SINCLAIR, 17 E. 22d St., Chicago Ill."

Lydia E. Pinkham's Vegetable Compound is the one sure remedy to be relied upon at this important period in a young girl's life; with it she can go through with courage and safety the work she must accomplish, and fortify her physical well being so that her future life may be insured against sickness and suffering.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

### What MITCHELL Says

Now, about Ice Cream and Soda Water. I must say I am making a better article than I have ever made before.

The people who patronize my place tell me that I am and you know from past experience that I have always had the best.

I am especially in good shape to furnish ice on short notice in any quantity. When you have visitors come in on you, send to me for your Ice Cream.

I am also making a fine Ice we call Caramel Cream. It is a good thing and you can find it at my store at all times. We sell it in any quantity. I only ask you to try it and be convinced.

Yours truly,  
C. B. MITCHELL.

P. S.—We have the best Coffee you ever drank at 22 1/2 cents per pound.

### Orchards! Orchards!

I am prepared to furnish fruit trees and to plant them for you at the following prices:

Apples and peaches, 20 cts. each.  
Pears, plums and quinces, 40 cts. each.  
Cherries, 50 cts.  
Grapes, currants and gooseberries per doz., \$1.50

Maples and poplar shade trees, regular standard size 6 to 7 ft. high, 20 cts. each.

Maples and poplar shade trees, 8 to 10 feet high, 30 cts. each.

At these prices I furnish all the labor. If the farmer furnishes the hands, will allow who ever labor of arm hand costs. I will also furnish hardy roses, flowering shrubs and ornamental vines at reasonable prices and plant them. I warrant everything planted by me to live, and agree to replace, free of cost, everything that dies during the first growing season following the planting.

As evidence of my good faith in making this offer, I will agree, if required, to leave in the hands of every patron until the first day of August following the planting 40 per cent of contract price. Descriptive catalogues will be furnished upon application.

### ANNOUNCEMENTS.

We are authorized to announce Claude M. Thomas, of Bourbon, as a candidate for the Democratic nomination for Congressman from the Seventh District, subject to the action of the District Convention to be held in the city of Lexington, on Thursday, May 12, 1904.

### Most Modern In Kentucky.

The Paris Milling Co., on Wednesday, let contract for the equipment of their elevator, now in course of erection, to the Dodge Manufacturing Co., of Wishaw, Ind. This equipment consists of all machinery necessary for receiving, elevating, cleaning, and distributing the grain as received from the wagons, together with rope drive, which will transmit power from main drive in mill to the new elevator.

The contract was awarded to the Dodge Manufacturing Co., in competition with Jeffries Mfg. Co., of Columbus, O., Webster Mfg. Co., Chicago, Ill., Weller Mfg. Co., Chicago, Ill., Caldwell & Son Co., Chicago, Ill., Nerdyke & Marmon Co., Indianapolis, Ind.

These are the leading manufacturers of elevator supplies in the world and the fact that they were in competition for this contract is evidence of its magnitude.

The elevator in course of erection, when completed, will be the most modern and best equipped elevator in the State, having a handling capacity of three thousand bushels of grain per hour. Being of steel construction, the elevator will be practically fire-proof and will therefore carry low rates of insurance on grain stored therein.

That tired look now on some Paris men's faces is explained by the house-cleaning season.

THE Filipinos at St. Louis say sweet potatoes taste about the same as roast dog. We'll take their word for it.

A MAN in Oregon tried to kill himself, giving as a reason that he was too old to saw wood. He had better said nothing.

A CRUSADE for clean money has just been started in Washington. We have been after dirty money for some time. You can bring it to us unlaundried.

### LIVE STOCK, CROP, ETC.

—Farm produce has a way of taking the highest jump in price after it leaves the hands of the farmer.

—John T. Hughes, of Fayette county, purchased of B. F. Buckley, a fancy brown 4-year-old gelding, for \$300.

—H. S. Caywood, of North Middletown, sold to Joe Fesler, of Mt. Sterling, a fine saddle gelding, three year old, for \$500.

—Claude S. Williams has sold fifty mules during the past three weeks at prices ranging from \$115 to \$200 a head.—Woodford Sun.

—Grimes & Robb, of Helena, sold about 280,000 pounds of tobacco to the Continental at 14 cents, cleaning up a net profit of close to \$20,000.

—Milt Abnee and Louis Mussinon, of this city, will clear \$25,000 on their recent purchase of 800,000 pounds of tobacco, which was sold to the Continental.

—A summary shows that within the last two weeks the Continental has purchased over 81,000,000 pounds of Burley, paying about \$11,477,200 to the grower. Numerous buyers have made small fortunes.

—Some fields of wheat that farmers thought of plowing up have improved so much that they will not be disturbed. Some wheat sown late last fall did not come up until this spring.

—Louis Mussinon bought of Howard & Towles, six acres adjoining the property of Mrs. Blannie D. Shipp, and will at once erect a large tobacco warehouse 60x96. He will also erect an eight room 2 story residence. Price for the six acres, \$1,800.

—At Clintonville, tobacco was all sold at 13 cents was the very best price for any sold there. Very common tobacco would now bring several cents more per pound than this. But, as usual, the farmers sold out before the rise.

—A Lexington exchange says: "There will be more tobacco raised in Fayette county this season than in many years previous. The high price reached for the Burley leaf during the past few weeks has encouraged farmers, and many immense fields that have been in bluegrass for stock grazing for several years back will be this season put in tobacco. Nearly every farm in Fayette county will raise some tobacco this season."

—Turney Bros. have at last retired their famous race mare, Maud Gonne, by The Commoner, dam Feronica, by Virginus, to the stud, and was mated a few days since to their own stallion, Capt. Sigbee. They have always contended the latter horse was the fastest performer they have ever owned, and by mating him with The Commoner's speedy daughter they hope to get a foal with a record-breaking turn of speed. Maud Gonne is only six years old and could have been trained again this year, but her owners wisely concluded she had done enough in the money-making way on the turf and had well earned a rest for the remainder of her days.

## May Festival.

Excellent judgment has been displayed by the committee who have charge of making arrangements for the Gala Week and May Festival which takes place at Paris, Ky., May 2nd to 7th, inclusive. They have secured all of the various attractions for the entertainment of their patrons that are connected with the original and only famous Robinson Amusement Co. The selection is undoubtedly a vast extent, though it may have increased to a vast extent the expenditures of the organization, yet never-the-less it will insure a wonderful patronage. The famous Robinson Amusement Co. is so widely known, and so well known that committees arranging for Carnival, Festival or Gala Weeks find it greatly to their advantage to place before the public the fact of having secured so valuable an organization, that while it strengthens the people's faith in the fact of witnessing something of a wonderful and superior nature, it at the same time insures them against witnessing any entertainment in any way immoral. The Robinson Amusement Co. has achieved for itself a reputation for having the most moral, clean, neat and excellent exhibits ever collected in any one enterprise; it stands for itself. Many wonderful performances will be presented on the occasion of the Gala Week and May Festival at Paris, Ky., beginning Monday May 2.

## MINERS ARE RIOTING.

Armed Men Parade the Streets at Garrett, Pa.

A Horror Connected With the Strike Was the Cremation of Two Women and Four Children in Their Home.

Somerset, Pa., April 20.—An outbreak even more disastrous than the riot at Boswell last January has been hourly expected at the town of Garrett, the scene of the mining operations of the Garrett Coal Co., the Somerset Coal Co. and other lesser operations.

Trouble has been brewing there ever since the inauguration of the miners' strike five months ago. A number of the striking miners at Garrett own homes there, but recently the Garrett Coal Co. erected a number of houses and the bringing in of new men to occupy those houses and take the places of the workers in the mines has worked the latter up to a high state of excitement and resentment, and for the last few days the town has been a veritable mine of indignation. The strikers have been parading the streets openly armed, and they have prevented the moving of the household goods of incoming miners from the railroad station to the new company houses.

A horror that may or may not be connected with the strike situation at Garrett was the burning to death of two women and four children in their home at that place between the hours of 2 and 3 o'clock Tuesday morning. The victims were Mrs. Rosanna Meyers, her two daughters, Lucinda and Annie, aged 30 and 8 years respectively, and her son, aged 5 years. The two other victims were young children of Lucinda. The house was a one and one-half story log building and the women and children were sleeping in the upper story. The origin of the fire is unknown, but rumor connects it with the troubles growing out of the miners' strike. Evidence of the fire was discovered on the interior of the building while it was burning. Meyers was a miner, and until recently worked for the Somerset Coal Co. Late in the morning he has not been working, and it is said he has been supported by the miners' union. The strikers lay the origin of the fire to a number of Italians who are working for the Garrett Coal Co., but what motive the foreigners could have for such a crime has not developed.

Strikers armed with Winchester rifles paraded the streets Tuesday. They say this demonstration is to prevent the Italians from leaving the community before the coroner's inquiry has been completed. They say that in doing this they are acting under the instructions of the township constable.

When Sheriff Coleman reached Garrett Tuesday evening with his deputies he found no alarming condition of affairs, though the people gathered in large numbers about the station, having learned that he was coming. The sheriff's first work was to arrest two Italians, who were charged with setting fire to the Meyers house. The only evidence thus far against the two Italians was a statement made by Meyers in which he alleges that they called at his house several days ago to buy some butter, and that when told that Meyers would not sell butter to scabs, they left, swearing vengeance. The idea that the Italians committed this crime has taken hold of the people of Garrett pretty generally and the feeling against them is running high, but there are those who look upon the charge against the Italians as a move on the part of the strikers to get rid of the foreigners who have taken their places in the mines.

## ANTI-SALOON CONGRESS.

Ways and Means For An Active Campaign Discussed.

Atlanta, Ga., April 20.—Wayns and means for an active campaign in the interests of temperance and the question as to whether league methods work well in the south were the subjects discussed at the two meetings Tuesday of the Anti-Saloon congress in session here. Rev. P. A. Baker, of Columbus, O., Dr. E. E. Folk, of Nashville, Tenn., and Rev. A. J. Hughes, of Atlanta, took the most prominent part in the discussion.

## A YOUNG FILIPINO.

Much Rejoicing Among the Members of the Negro Tribe.

St. Louis, April 20.—There is much rejoicing among the members of the Negro tribe, who form part of the Philippine exhibit at the World's fair, over the birth of a three-pound baby to Mr. and Mrs. Fayas, the former the chief of the tribe. The mother and father are not more than four feet tall and the baby is considered quite large for a Negro. It has been named Louis F. Francis Eihinaug. The last name is its mother's, which, according to the Negro custom, it assumes instead of its father's.

## Ordered Out of Town.

Salt Lake City, April 20.—Jack Clifford and Perry Queenan, lightweight pugilists who Monday night fought a 20-round draw, were Tuesday told by Chief of Police Lynch to leave town and warned not to return.

We are authorized to announce T. PORTER SMITH as a candidate for the office of Representative of Bourbon county in the next General Assembly, subject to the action of the Democratic party.

## FOR JUDGE OF COURT OF APPEALS.

TO THE VOTERS OF THE FIFTH APPELLATE COURT OF KENTUCKY:—I am a candidate for Judge of the Court of Appeals from this District, subject to the action of the Democratic party. As Circuit Judge, it became my duty to try a number of criminal cases, which have become a part of the State's history and at a most critical time. As Judge of the State Fiscal Court, it fell to my lot to construe the Statutes adopted, to put in force the provisions of the new Constitution, as well as to construe the present Constitution whenever a controversy arose as to its proper construction. Almost innumerable cases have burdened the dockets of my court, touching the rights of corporations and the exercise of franchise under law. How well I have discharged my duties under such trying circumstances, is left to you to determine.

I will be very grateful to all who feel they can assist me to secure the high position and office to which I aspire.

Very respectfully,  
JAMES E. CANTRILL.

## FOR CONGRESS.

We are authorized to announce W. P. Kimball, of Fayette county, as a candidate for the Democratic nomination for Congress from Seventh District, subject to the action of the district convention to be held in the city of Lexington on Thursday, May 12, 1904.

I am a candidate for re-election to Congress from this District, subject to the action of the Democratic party. I believe in getting as close to the people as possible, and it was my desire that a primary election be held to select a Democratic nominee for Congress, so that every Democrat could have the privilege of going to his precinct voting place and expressing his choice, but my opponents desired mass conventions at the county seat, and the committee so ordered.

I am now serving my second term as your Representative. I have endeavored, to the best of my ability, honestly, faithfully and conscientiously to do my duty. It is my highest ambition to secure legislation for the relief of the farmers, who have been so grossly imposed upon by unjust laws, and I feel that my experience has fitted me to render valuable service on this line. If I am permitted to continue to represent my District.

My official duties in Washington will prevent me from making an active personal campaign in all the counties of the district, therefore, I will have to rely on my friends to take care of my interest, which I have an abiding faith they will do. Trusting my service as a member of Congress meets with your approval, and hoping my candidacy will receive your valuable aid and support, I am

Very respectfully yours,

**DANGEROUS NEGLECT.** It's the neglect of backache, sideache, pain in the hips or loins that finally prostrates the strongest body. The kidney warnings are serious—they tell you that they are unable to filter the body's waste and poison from the blood—the severs are clogged and impurities are running wild to impregnate nerves, heart, brain and every organ of the body with disease elements. Doan's Kidney Pills are quick to soothe and strengthen sick kidneys, and help them free the system from poison. Read how valuable they are, even in cases of long-standing:

L. C. Lovell, of 416 North First St., Spokane, Wash., says: "I have had trouble from my kidneys for the past ten years. It was caused by a strain to which I paid little attention. But as I neglected the trouble, it became worse and worse until any strain or slight cold was sure to be followed by severe pain across my back. Then the action of the kidney secretions became deranged and I was caused much annoyance besides loss of sleep. Doan's Kidney Pills were brought to my notice and after taking them a short time their good effect was apparent. All the pain was removed from my back and the kidney secretions became normal. Doan's Kidney Pills do all that is claimed for them."

A FREE TRIAL of this great remedy which cured Mr. Lovell will be mailed on application to any part of the United States. Address Posters-Milburn Co., Buffalo, N. Y. For sale by all druggists, price 50 cents per box.

## WHEN YOU GO TO THE WORLD'S FAIR

Suggestions That Should Be Helpful to the Stranger in St. Louis—No Trouble When You Get Your Bearings—The Greatest of World's Expositions.

It will be worth all the self-denial that one may practice for several years to see the World's Fair of 1904 at St. Louis. Money saved, earned or borrowed cannot be better spent than in getting acquainted with the world's progress as revealed at this latest and greatest of expositions. All of us cannot travel around the world to take note of what the nations are doing, but the nations from all around the world desire us to know and have sent their best works to St. Louis to be placed on display.

Within the two square miles of the Louisiana Purchase exposition at St. Louis there is more to be seen than ever was brought together in ten times the space before. It is a great collection of expositions massed into one. It is nearly twice as large as the Columbian exposition at Chicago, nearly ten times larger than the Pan-American exposition at Buffalo. Every exhibit palace offers the equivalent of a splendid exposition, each covering many acres of space.

The largest of these is the Palace of Agriculture, with its 23 acres under roof and filled to the doors with the most wonderful agricultural collection ever assembled upon any occasion. The important states and nations of the world are all here alongside great numbers of individual exhibitors. Five great staples have been chosen for extraordinary display. Corn, cotton, sugar, rice and tobacco are here arrayed as they have never been before and undreamed possibilities are revealed to inquiring minds. Such a dairy display was never attempted and such a collection of farm machinery and tools was never placed on exhibition.

The Palace of Transportation is next

The United States Government building is on a broad terrace half way up the hill in the extreme eastern part of the grounds. Uncle Sam never had such a large exhibit building at an exposition before. It is nearly 800 feet long and 250 feet wide. Another building devoted to fisheries built in the style of an old Roman house stands upon lower ground directly southwest from the larger building. The outdoor display of ordnance is not the least interesting of the government exhibits.

The Palace of Art at the World's Fair contains 135 galleries. Each gallery is a large room, lighted from above and filled with the choicest works. All countries of the world in which art has made noteworthy progress are represented. The group of buildings which house this magnificent display represents an expenditure of more than \$1,000,000. The group is situated upon high ground south of Festival hall. The Festival hall is the center piece of a rich architectural work crowning the hill which rises above the Grand Basin and upon whose slopes are the Cascades and gardens. Here another million dollars has been expended to produce a decoration that will distinguish this exposition from all others.

In a short article such as this one can only refer to such great features as the Philippine exhibit, covering 40 acres and containing more than 1,000 natives from those far-off Pacific islands; the United States government Indian exhibit, covering many acres and occupying a large building; the exhibit of the United States bureau of plant industry, consisting of an outdoor map of the United States, covering four acres; the great athletic field where the Olympic games of 1904 will

PALACE OF LIBERAL ARTS AND MINES, WITH THE UNITED STATES GOVERNMENT BUILDING IN DISTANCE.

In size, covering 15 acres. One may only hint at the wonders it contains. The historical exhibit of locomotives is one of the features. It shows the development of 75 years in locomotive construction. Strange indeed is the person who is not yet impressed with these evidences of man's long struggle with the problem of rail transportation, the most civilizing of modern influences, next to the newspaper, which must always stand first. To describe in detail this exhibit would be a long story in itself. The exhibit is made complete by the installation of the largest locomotive ever built and by some magnificent imported locomotives. We cannot leave the Palace of Transportation without a reference to the great automobile show, the motor boats and other water craft, and the great carriage display.

Now let us cross the flower gardens to the Palace of Machinery just south of Transportation. The huge power generators are the first things to arrest the eye—the Allis-Chalmers engine of 5,000-horse power, the Curtis steam turbine of 8,000-horse power, the Parsons steam turbine of 5,000 kilowatts, the four Westinghouse generators of 3,600-horse power each, and each as high as a house. And then other generators great and small of all kinds—the most wonderful display of engines ever assembled. But these are not all. Think of ten acres of glistening machines of every kind and you have some idea of the contents of the Palace of Machinery.

We cross the lagoon to the eastward and come to the beautiful Palace of Electricity, with eight acres of exhibits from many countries which show the marvelous development of electrical science. To the north again over one of the arched bridges we approach the Palace of Varied Industries, viewing its wonderful grace and splendor as we go. Here are 14 acres of exhibits from all over the world. The Palace of Manufactures is the same size and stands on the opposite side of the Plaza of St. Louis. It is equally interesting in the variety and newness of its contents. Here again the nations of the world and the manufacturers from all parts of the United States display their best products.

Opposite the Palace of Manufacture to the southward is the Palace of Education, this being the first time that education has been allotted a great building all its own. A variety of schools in daily session are the feature of this eight-acre display. The two exhibit buildings in the eastern part of the main group are Mines and Metallurgy and Liberal Arts. The Department of Mines and Metallurgy has a 12-acre outdoor display in addition to the nine acres under roof.

be held; the Aerial concourse where the airship and balloon contests, having prizes aggregating \$200,000, will take place; the anthropology exhibit; the 40 or more state buildings; the outdoor exhibits of the departments of agriculture and horticulture, covering many acres; the Palace of Horticulture, 400 by 800 feet, containing the largest exhibits of horticulture ever brought together; the beautiful Temple of Fraternity; the magnificent buildings erected by foreign nations; the great Inside Inn, where 6,000 guests may find accommodation at rates from \$1.50 to \$5.00 per day; the extensive live stock pavilion; the great landscape clock made of flowers, 112 feet in diameter, and giving the correct time of day; the intramural railway, which gives a seven-mile ride for a single fare, and many other things of interest to visitors.

Even to the timid traveler St. Louis presents no complications. It is all as plain as a b c when once you get your bearings. The streets all run east and west or north and south with rarely a confusing diagonal. Market street and its western extension, Laclade avenue, are the dividing line which separates the northern and southern sections of the city. All streets north and south from Market begin their numbering at Market, so that No. 2024 South Broadway, for example, would be 20 blocks south from Market street. All east and west streets begin their numbers at the Mississippi river, so that No. 3120 would be 31 blocks west of the river. Sometimes in a long block 200 numbers are allowed.

All trains into St. Louis arrive at Union station, one of the finest railroad terminals in the world. The station is on the south side of Market street between Eighteenth and Twentieth streets, so that when the visitor emerges from the station he finds himself at the beginning of the city numbering both north and south and 18 blocks from the river.

Standing on Market street with his back to the station the downtown or main business section of the city is to his right about one mile. The World's Fair is to his left, westward about five miles. All the street cars are so labeled that he may easily know which cars to take. Cars running north on Eighteenth street, at its right, intersect the several car lines running between the World's Fair and the business section of the city. By walking one, two or three blocks to the north the visitor may get a car east or west, or if baggage laden he may take a car on Eighteenth street and get a transfer without extra fare to any of the east-and-west lines except the Suburban, which is a separate car system.

## WHERE THE BLAME LAY.

He Wanted to Get to the Front a Little Too Quick for His Own Good.

Sternly the judge regarded the prisoner before him. He beheld a man of tender, unripe years, whose face was fair to look upon, bearing as it did every known mark of honesty. Appearances gave no reason for committing the crime, and yet the jury had decided, on first ballot, that the prisoner was guilty. In fact, the plea for the defense was very weak, says the New York Times.

"It seems incredible," said the judge, "that a man with your connections should have stooped so low as to become a common forger. Surely some one else must have been the cause of your downfall. A woman?"

"There was some one," replied the prisoner, "but that some one was not a woman. It is yourself, your honor."

"Just so. A short time ago I was a member of the graduating class in my college. You were one of the speakers at the farewell session. You may remember your words: 'The world lies ahead of you. But you must push your way steadily to it, and each one of you to forge to the front. I want to see each occupying a prominent position in the eyes of your families and of the world.' The prisoner paused and smiled. 'I forgot quicker than the others. I've gained a place before the public. And now, what next?'"

"Three years," laconically said the judge. "Next case!"

## 1901-1904.

NeKoma, Ill., April 18th.—Away back in 1901 Mr. Albert E. Larson of this place was suffering with kidney disease and backache. The pain he was called upon to endure was very great and rendered his life almost a burden to him. He heard of Dodd's Kidney Pills and began to use them and almost at once he began to get better. He had been unable to work, but Dodd's Kidney Pills soon made him able to go to work again. He used the remedy till he was completely cured. He says he has grown stronger year by year since he got rid of his old trouble.

"Dodd's Kidney Pills certainly gave me a complete and permanent cure, for I have felt stronger since I used them in 1901 than ever before. I can do better work now in 1904 than I could last year. I cannot praise Dodd's Kidney Pills enough. I would not be without them in the house."

## Impossible.

"Sir!" exclaimed the injured party, "you stuck your umbrella into my eye." "O, no," replied the cheerful offender, "you are mistaken." "Mistaken?" demanded the irate man. "Your idiot, I know when my eye is hurt, I guess." "Doubtless," replied the cheerful fellow, "but you don't know my umbrella. I borrowed this one from a friend to-day."—Stray Stories.

## A MICHIGAN MAYOR SAYS:

"I Know Pe-ru-na is a Fine Tonic for a Worn Out System."

Hon. Nelson Rice of St. Joseph, Mich., knows of a large number of grateful patients in his county who have been cured by Peruna.

Hon. Nelson Rice, Mayor of St. Joseph, Michigan, writes: The Peruna Medicine Co., Columbus, Ohio:

Gentlemen: "I wish to congratulate you on the success of your efforts to win the confidence of the public in need of a reliable medicine. I know Peruna is a fine tonic for a worn-out system and a specific in cases of catarrhal difficulties. You have a large number of grateful patients in this county who have used Peruna and have been cured by it, and who praise it above all other medicines. Peruna has my heartiest good wishes."—Nelson Rice.

MARCH, APRIL, MAY.

Weak Nerves, Poor Digestion, Impure Blood, Depressed Spirits.

The sun has just crossed the equator on its yearly trip north. The real equator is shifted toward the north nearly eighteen miles every day. With the return of the sun comes the bodily ills peculiar to spring. With one person the nerves are weak; another person, digestion poor; with others the blood is out of order; and still others have depressed spirits and tired feeling. All these things are especially true of those who have been suffering with

catarrh in any form or la grippe. A course of Peruna is sure to correct all these conditions. It is an ideal spring medicine. Peruna does not irritate—it invigorates. It does not temporarily stimulate—it strengthens. It equalizes the circulation of the blood, tranquilizes the nervous system and regulates the bodily functions. Peruna, unlike so many spring medicines, is not simply a physic or stimulant or nerve. It is a natural tonic and invigorator.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

## MONTH'S TRIAL FREE.

Breathe Hyomei Three or Four Times Daily and Be Cured of Catarrh.

Clarke & Co., one of the most reliable business firms in Paris, have seen many instances of the remarkable power of Hyomei to cure catarrhal troubles and other disorders of the respiratory organs.

Results in this treatment have given them so much confidence in Hyomei that they will give a month's trial with the positive understanding that if at the end of that time a cure is not effected or enough relief gained to warrant a while longer, the money will be refunded.

Hyomei is the only treatment for catarrh that has ever been sold under a "no cure, no pay" plan, and the only one where a month's trial treatment is free unless it cures.

Hyomei is not a pill or a liquid. Just breathe it through the neat inhaler that comes with every outfit, and benefit will be seen from the first day's use. Breathe in this way, the health-giving Hyomei penetrates to the minutes air cells of the lungs, and drives catarrhal germs and poisons from the system.

The complete outfit costs but \$1, and extra bottles of Hyomei may be obtained for 50c.

Remember that if Hyomei does not cure you after a month's trial, Clarke & Co. will refund your money and the treatment will be absolutely free.

By virtue of an order of the Bourbon Circuit Court made and entered in the above styled cause, I will sell at public auction on the Public Square in front of the Court House, in Paris, Ky., on

SATURDAY, APRIL 23, 1904,

about the hour of 12 o'clock, a. m., the following described real estate, to-wit:—

A certain dwelling house and lot situated in Paris, Kentucky, on Washington avenue, fronting on said avenue and bounded on the South-west by the property of James McClure, on the North-east by Thomas Richardson, and on the East by the lot of Jerry Duncan's heirs, and being the same property conveyed to John H. Lake by A. R. Thornton by deed recorded in Bourbon County Clerk's office in Deed Book No. 78, page 184.

Said sale will be made on a credit of six months and for the purchase money the purchaser will be required to execute bond with good security, payable to the undersigned Master Commissioner, and bearing interest at the rate of six per cent. per annum from the date of sale until paid.
